After the resignation takes effect, the child's place is handed over to the next possible person in the queue. If a divorced child needs a place again later, the old place is not automatically available.

Billing is carried out until the written notice of resignation has been delivered either to the afternoon activities place or to Service Point Pyyrman (Valtakatu 2 A).

After the resignation takes effect, the child's afternoon activities fee will only be charged according to the actual number of days of absence for the month of the resignation in question.
