660 l	0,00	4,54	4,54	5,70

- *The fee is charged even though the container is empty or when picking up is prevented due to non-compliance with waste management regulations*

- *If the customer does not use the waste container in accordance with the current waste management regulations of the city of Rauma, the waste disposal service has the right to collect the transportation fee twice*

- **Starting transportation distance 10m = If the distance between the waste truck and the container exceeds 10 metres, an extra fee will be charged for every starting 10 metres.*

- *Loose dust/ash = Dust or ash should be packed so that it does not leak into the environment when the waste container is emptied. If the dust/ash does leak, a fee will be charged*

- *The containers for mixed waste are washed once a year without a separate fee*

- *The containers for biowaste are washed twice a year without a separate fee*
